Parent Community Chat

Bert Jacoby- Learning technology integrator

- Beginning of the year 3/4/5th focus on IT
- End of the year Kindergarten and 1st grade focus on IT
- Parents/ teachers need to practice what they preach. Responsible computer use.
- 1st grade kids are currently recording their voices on QuickTime
- 2nd grade – Scratch for teaching coding to kids
 - How to be better problem solvers
 - Blocks- digital Lego
- 3rd grade- google docs and learning management
 - Learn how to use right click vs. left click etc.
 - Samer model (substitution-redefinition)
- 3rd/4th/5th – Enhance with technology or show how to use technology on the side
 - First year of one to one with 3/4/5
- Learning walks- Bert goes around to see if he can help
- Classroom management is very important for learning how to use the computer appropriately
- No official typing instruction
 - Kids can dictate or type
- This is the first year LTI's are in elementary schools- Bert is in four different schools
- Students are told when they see something on the computer that is not good SHUT IT!
